IMPORTANT NOTES FOR ALL BIDDERS

We would expect that the wise buyer will submit numerous bids, all at levels commensurate with his idea of the value of each lot. On items that he really wants badly, the serious bidder will bid well above the top estimate, recognizing that his bid will be reduced to 10% above the second highest bid, but also realizing that he may be in competition with other seriously interested bidders.

In those sections which show a price range for an estimate, the low figure represents a wholesale evaluation, while the high figure indicates what a serious specialist would gladly pay for the lot. Bids less than the lower of the two figures will most likely be unsuccessful; bids above the higher figure will most likely be successful and will most likely be reduced as outlined above (see also paragraph 2 of TERMS OF SALE).

In those sections where only one estimate is given, in some instances with a plus mark, these estimates represent what we believe to be a fair wholesale price and/or the reserve. In many cases these single estimates represent our own cost value. In nearly all cases, bids below these estimates will not be accepted. Generally speaking, our estimates should serve as useful guides, but all bidders should use their own knowledge and experience as the final tools to determine their bids.

We make the following suggestions to all bidders:

- (1) Bid what you wish on each item, but keep the estimate and reserve prices in mind lest you waste your opportunity to acquire an item you particularly desire.
- (2) Bid the maximum bid you would pay for the lot, recognizing that if your bid is high, relative to other bids, your bid will be reduced in accordance with paragraph 2 of TERMS OF SALE.

At the conclusion of the listing of all lots we have observed that many of our estimates in the paper money section as well as the gold section, may be considered low and are expected to realize prices at above our estimates. We make this observation based on the increased interest in paper money and the ever-increasing interest in gold. So also, all rare numismatic items are finally being recognized as such and are finding their ranks in value.

Requests for additional information, confirmation of the grade, date, mint mark, etc., of any particular items, or any similar individual questions are welcome and will be answered as promptly as possible.

An asterisk (*) before the lot number indicates that the actual lot offered for sale is photographed and can be found in the PLATE SECTION.

TERMS OF SALE

1. This is a mail bid sale. All mail bids must be received at our place of business not later than 5:30 P.M. Central Daylight Time, March 8, 1982. The highest mail bid for each lot will buy it. The highest mail bid on each lot may be reduced to just above the second highest mail bid (see item 2). On this basis it should be obvious that mail bidders should bid generously, if they are desirous of obtaining any particular lot or lots.

2. Terms of reduction: (a) No reduction will apply to bids of \$10.00 or less. (b) On bids of \$10.01 and up, the highest bid will be reduced to 10% over the second highest bid. For example, if your bid on Lot #100 is \$70.00 and the second highest bid is \$50.00, you will obtain the lot for \$55.00 (or \$50.00 + 10%). However, if your bid is \$70.00 and the second highest bid is \$65.00 then no reduction will apply as 10% over the second highest bid will be \$71.50. When reductions apply, amounts will be rounded off to the nearest half dollar.

3. An estimate is given for most lots. These estimates simply represent the owner's idea of the value of the item or our professional opinion as to what each lot is worth. **THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER AT YOUR DISCRETION.** To further clarify this, please read the "Notes to Bidders". We recommend that if you seriously want a lot, you should bid close to or over the estimate given herein.

4. All bids are to be made by LOT NUMBER as listed in this catalog. (Please make sure that your bids are legible.) Bids should be made only in United States Funds. In case of tie bids, preference will be given to the bid with the earliest postmark.

5. Lots will be sent on open account only to customers who have established credit with us. New accounts must furnish satisfactory credit references and/or include a 20% deposit. New accounts requesting shipment to a post office box or to general delivery must also furnish their home or business address. Bidders who have not established credit with us will be invoiced for their successful bids; lots will be sent upon receipt of payment.

6. All successful bids must be honored in U. S. funds immediately upon receipt of the lots or the invoice. This is absolutely necessary so that consignors can be reimbursed. Special arrangements for payment are possible if the amount involved warrants such treatment. If this is necessary, please request it BEFORE the auction, not after.

7. VISA/BANKAMERICARD or MASTERCARD may be used to pay for successful bids provided the purchaser agrees to pay the service charge billed to us by our bank on such transactions (3% on both VISA/BANKAMERICARD and MASTERCARD). Foreign bidders should make payment by International Bank or Postal Money Orders or Bank Drafts payable in the United States.

8. Postage and insurance or registration fees will be added to all invoices. Foreign bidders will be charged a percentage of the total value to partially cover insurance fees. And, our insurer will be responsible for any losses. Foreign bidders should advise us if special shipping instructions are necessary.

9. 5½% sales tax will be added to all lots mailed to Texas addresses, except dealers.

10. Auction sales ARE NOT approval sales. Upon submitting bids you agree to abide by the "Terms of Sale". Experts have described all lots; any errors made by them will be gladly corrected. Likewise, you are responsible for any errors you make. Returns can only be made with our written approval; request for such must be made within ten (10) days of dispatch of lots by us.

11. Title to all lots will remain with the cataloguer until payment in full is received. All items are guaranteed to be authentic (unless otherwise indicated) and to be as listed. Furthermore, the cataloguer reserves the right to accept or reject any or all bids at his discretion.

12. All lots in this auction will be available for inspection by appointment only from March 1-5, 1982.

1. Este es un remate por correo. Todas las apuestas (o pujas) tendrán que ser recibidas en nuestro lugar de negocio no después de las 5:30 p.m. hora de San Antonio, Texas, del día 8 de Marzo del 1982. La apuesta más alta para cada lote es la que comprará dicho lote. La apuesta más alta podrá ser reducida hasta el punto de ser un poco más que la segunda apuesta más alta (ver artículo 2). Sobre estas bases, es obvio que los compradores deberán hacer apuestas generosas, si están deseosos de obtener cualquiera de los lotes en particular.

2. Términos de reducción: (a) No se aplicará ninguna reducción en apuestas de \$10.00 o menos. (b) Sobre las apuestas de \$10.01 en adelante, la más alta será reducida hasta el 10% sobre la segunda apuesta más alta. Por ejemplo, si su apuesta en el lote #100 es de \$70.00 y la segunda más alta es de \$50.00, usted obtendrá el lote por \$55.00 (o sea \$50.00 + 10%). Sin embargo, si su apuesta es de \$70.00 y la segunda más alta es de \$65.00, entonces ninguna reducción será aplicada, ya que si añadimos el 10% a la segunda apuesta más alta, el lote llegaría a costar \$71.50. Cuando las reducciones sean aplicables, la cantidad será redondeada al próximo medio dólar.

3. Se ha estimado un precio para la mayoría de los lotes. Estos precios estimados simplemente representan la idea que el dueño tiene sobre el valor del artículo, o nuestra opinión profesional de valor del lote. ACLARAMOS QUE SON SOLAMENTE PRECIOS ESTIMADOS Y QUE USTED PUEDE APOSTAR MAS ALTO O MAS BAJO SEGUN SU PROPIO CRITERIO. Para aclarar este punto, por favor lea los precedentes artículos. Recomendamos que si usted está seriamente interesado en un lote, lo mejor será que apueste cerca o más del precio estimado en este catálogo.

4. Todas las apuestas indicarán el número del lote como aparecen en este catálogo. (Por favor, cerciôrese que sus apuestas sean legibles.) Apuestas serán hechas sólo en dólares Estado Unidenses. En caso de empate en una apuesta, preferencia se le dará a la apuesta que es recibida primero.

5. Los lotes serán enviados a crédito solamente a clientes que tienen crédito establecido con nosotros. Nuevas cuentas tendrán que proveer referencias de crédito satisfactorias y preferible 20% de depósito. Cuentas nuevas que soliciten los envíos a Casillas Postales, deberán proveer también sus direcciones domiciliarias o de su negocio. A los compradores que no han establecido crédito con nosotros se les enviará la factura correspondiente por lotes que han ganado y se les enviará la mercadería al recibir el pago.

6. Todas las apuestas ganadoras tendrán que ser pagadas por medio de giro o cheque pagable en los Estados Unidos o en efectivo inmediatamente al recibir los lotes o factura. Acuerdos especiales para hacer pagos son posibles si la cantidad apostada merece tal trato. Si esto es necesario, por favor, pídale ANTES de que se cierre la subasta, no después.

7. Tarjetas de crédito VISA/BANKAMERICARD y MASTERCARD. se pueden usar para hacer pagos, pero el apostador tiene que pagar el servicio de cargo facturado a nosotros por esas compañías en tales transacciones (3% en VISA/BANKAMERICARD y también en MASTERCARD). Nuestros clientes fuera de los Estados Unidos además pueden pagar por girios internacionales de bancos que se pagan en los Estados Unidos u otra forma previa y mutuamente acordada antes de cerrar la subasta.

8. Cargos de seguro o certificación de los envíos se le agregarán a todas las facturas. Apostadores deben de indicarnos si existen instrucciones especiales de despacho. Apostadores fuera de los Estados Unidos pagarán un porcentaje del valor total para cubrir parcialmente los gastos de seguro y nuestra compañía de seguros será responsable por cualquier pérdida.

9. No es aplicable a nuestros clientes en el extranjero.

10. Las ventas en los remates no son ventas aprobadas por el cliente cuando él recibe la mercadería, sino que cuando el cliente somete su apuesta, él entra en un acuerdo para comprar la mercadería. Cuando el cliente apuesta, él indica que está de acuerdo con los términos de venta de este remate. Todos los lotes han sido descritos por expertos en la materia; si algún error ha sido cometido por ellos, nosotros estaremos complacidos en corregirlo. En igual forma, usted se hace responsable de cualquier error cometido por su

We proudly announce the release of our new publication, Pillars and Portraits Four Reales of the New World -No doubt the most comprehensive publication on the subject and one which is sure to become the standard reference in its field.

The numismatic knowledge of both authors is well known. Those whom have been active customers and just about everyone connected with international numismatics is aware of Mr. Almanzar's twenty-two years of experience in worldwide coinage and most recently, his specialization on coinage of Latin America.

Darwin B. Palmer, Jr. became a collector in 1954. First studying United States large cents, he is now considered an authority on the series. He is credited with articles in "Penny Wise" the literary arm of early American coppers Club. Not fully satisfied in 1968, he turned his attention to that of Spanish Colonial Coinage.

To compound the author's knowledge, they also had a panel of contributors, all of which are well known numismatists. Among them - Mike Dunigan, Clyde Hubbard, Pat Johnson, Michael McCormick, James Shipley and Richard Stuart.

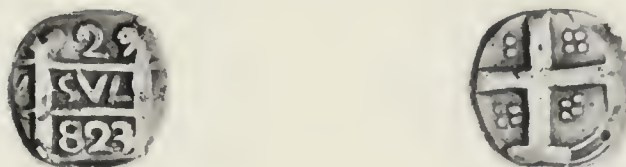

The book is illustrated throughout. Each date and overdate is referenced and evaluations are given in four grades and in addition to photos of types, close-up photos of varieties are also featured. The reference numbers set forth in this book are being used throughout this auction catalog (PA#) in describing the bust and pillar four reales of the new world. The book is scheduled for release in late February (no later than the first week in March). You might like to order at our tentative prices: Soft Cover/\$11.50 - Hard Cover/\$18.50 (Edition Limited to 1,000 total copies).

LOT#	DESCRIPTION	ESTIMATE
*001	-ARGENTINA- C120, Cunietti-Ferrando #77, ½ Real, 1823, Mendoza only part of date visible as they normally show up, VF.	300-500.00

- *002 -Mendoza possibly Central America Counterstamp or a late issue (1824) from Central America with what appears to be a liberty cob in reverse. This undoubtedly extremely rare but mysterious coin has the following characteristics:
- 1) Similar in design to C123 4 Reales 1823-24.
 - 2) Similar in design to Rioja Province Issues, Cunietti-Ferrando #54-55 except with the Mendoza legend.
 - 3) A coin minted in either Mendoza or Rioja for circulation in Central America therefore not catalogued in any books as being from Argentina.
 - 4) The only counterstamp for Argentina found in Krause is C125 2 Reales which excludes the 1824 date.
 - 5) Finally, when the coin was originally located by us it was labeled as simply a Mendoza 2 Reales with Nicaragua C/S??

By the above thesis, it is obvious that the coin is at least RRR. We are estimating it reasonably subject to the highest bid obtaining it until the future finds out more about it. X-Fine . . . \$300-1,000

- *331 -CUn1, c/s type I on Bolivia 8 Sueldos 1840LR, (radiant 6-point star in 7mm circle) plus an additional plug cut out to pay for the work. We do not agree with the evaluations in Krause as in our 22 years in numismatics, we have located so few pieces that one can count in one's hand (and this includes the several coin issues in which the counterstamp is found --including Peru and Mexico). In actuality, only in collections of the nature of which we are offering can such coins be found and there were two Mexican and this Bolivian piece all of which are in the highest grade ever experienced by us. And of the Mexican coins, lot #370 included in our November 30th 1981 auction sold for \$1760.00. The specimen hereby offered is Extra Fine (coin as well as counterstamp) and should bring 1500.00+

- *339 -E2* C5 8 Reales 1831F, this coin comes in a crude smaller planchet and a larger type similar in size to the eight reales Central America series of 1824-1847. The small planchet type hereby offered is 37mm and typical of this issue, it is weakly struck. This coin is about Very Fine for issue with pin-size attempted puncture at 12 o'clock in the reverse. This puncture is hardly of any depth and is of little consequence, RR 700-1000.00

*415 -EL SALVADOR-C18.2 Alm-Stickney 1st type 4 Reales 1828F, Obv: spouting volcano over waves. Rev: columns dividing "4 R". The two types managed to go unpublished until Almanzar Stickney's THE COINS AND PAPER MONEY OF EL SALVADOR (1973) was published. And then, the only low grade specimens were featured - one of which was holed. A barrage of words can be said about the rarity of this coin. However its rarity is clearly understood by the advanced collectors and pedigree from Wayte Raymond collection, but not published in his 1953 book. Perhaps he did not obtain it until later. This is the nicest known specimen. Extra Fine for issue, RRRR, 7,500-10,000.00

*416 -C18.8 Alm.-Stickney 2nd type Reales 4 1828F (Reales 4 instead of 4 Reales). In our endeavor of bringing to you this outstanding collection of Hispanic American coinage, we are now also offering the Reales 4 type of the previous coin. It is actually Fine for wear in the obverse (considering the crudeness of the issue). The Reverse is about the same for condition but weak and partially bright/partially dark apparently from having been laid unattended under another coin. Also unholed. RRRRR rarest of the two, 5,000.00+

*677	-4 Reales, 1892, Y54a, so rare is this type coin that it finally surfaced after several revisions of Yeoman's "Modern World Coins". The obverse is patterned after the Guatemala Y56 and Elizondo type 15, with some modifications in the wreath in the reverse, this coin should rank high in demand as not only a Guat. type, but for the collectors of the 1/2 Peso and the 4 Reales size coins of Latin America, as it is undoubtedly the most sought after Republic 4 Reales of the Americas. It was not surprising that in our mail bid auction of March 31, 1981, this coin in UNC brought \$5,355. and left some bidders hoping that they would have topped that bid. It is therefore reasonable that this nice VFine specimen should receive bids fluctuating between,	3,000-4,500.00

*833 -GUATEMALA-REPUBLIC-CONT.-E143, Y104, the sought-after, continuously increasing in popularity and price, 1 Quetzal, 1925, offering our most outstanding specimen ever, but for those that are not aware of certain characteristics of this coin we will like to discuss the following:

- 1) At the time of issuing it was profitable to melt this coin. As a result 7,000 pieces of the original 10,000 were withdrawn and melted.
- 2) Of the remaining 3,000 more met with the same fate in 1932.
- 3) Obviously because the coin had a certain attraction to anyone locating one, most were preserved as pocket pieces by non-numismatists and became worn and at times dropped; therefore, damaging the soft rim.
- 4) Although handsomely designed and well struck, the engraver never intended for the feathers to be well detailed in the symbolic national bird. As a result of this and the softness of the strike even the highest grade specimen might not be graded BU by anyone unfamiliar with the coin.

Regarding the specimen hereby offered, we debated as to whether to offer this coin as UNC. However, due to minute dings in the field and perhaps debatable friction in the Quetzal, we will grade as AU-UNC with some original luster. Having obtained \$2,310.00 for the specimen offered in our March 31, 1981 auction, (in only Abt. UNC condition), we feel it is reasonable that bids on this coin should fluctuate between, 3,000-4,500.00

It is our opinion that there might be 3 to 5 Quetzales in the world--truly UNC. (free of the minor markings this one has). We have only seen one, and we have a standard offer of \$8,000. if we are able to obtain such a coin. However, if auctioned, it could be disputed by bidders in the range of 10,000+.

834 -E Guat. 3, 8 Reales, Guatemala c/s over Peru-Lima, 8 Reales, 1833. This is a very interesting specimen inasmuch as the c/s (sun over mountains) is found on both side of the coin, also, the coin as well as the c/s are practically UNC, RR, 500.00+

Although this coin has been through some rigors of wear and was described to us as having minor repairs which we guess are at 3 o'clock in the reverse. (Extremely well done job as this is hardly noticeable as can be seen in the photo). The coin remaining quite nice and desirable practically Very Fine for wear. A fine numismatic example of the legendary richness of Hispanic American Numismatics and an extremely rare specimen of a short lived two-year issue should bring \$10,000.00+

- *907 -FR22, C76, 8 Escudos, 1817M, Ferdinand VII. About Extra Fine for wear. It does not have adjustment marks and a minor planchet defect which is a characteristic often found in this type. Fine example of Guatemalan numismatics. Very rare as all Guatemalan 8 Escudos are, \$5,000-8,000.00

*1225 -MEXICO COLONIAL, 8 REALES -As we continue with our offerings of the outstanding (Lifetime Endeavor) collection of Hispanic American coinage, we are offering another coin of the Realm, one that can only be found in the collection of this type. A round presentation eight reales of Mexico dated 1639. A fine numismatic sample of the legendary richness attached to Mexican numismatics. The so-called shield of Portugal type eight reales is so rare that it is missing from the standard catalog of Mexican coins, paper money, stocks, bonds and medals by Colin R. Bruce and Dr. George Vogt; El Duro by Herrera (missing as to date and type); the fabulous Medina collection which includes 17 numismatic volumes; Diccionario de la Moneda Hispano Americana by Burzio; Las Monedas Hispano Musulmanas y Cristianas by Castan and Cayon, and so on.

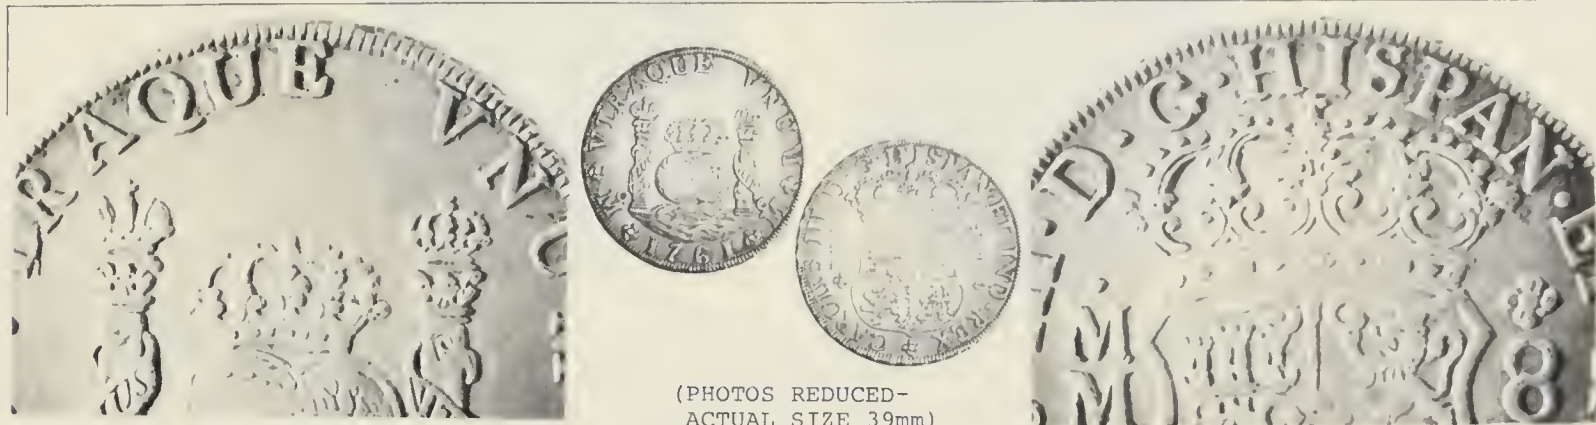

The coin however appears in Yriarte and Chaves' Catalogo de los Reales de Ocho where an illustration of a 41mm (our coin is 46mm wide) coin dated 1642 is found and is also listed in Calbeto (No.658) (but it was obviously not an integral part of the Calbeto Collection as he only borrowed the photo for the plate section from Yriarte and Chaves).

In Extra Fine with a pin hole at 12 o'clock which is typical of the few known pieces of the early royal strike, surely this coin is deserving a bid of. \$18,000-25,000.00

*1226 -KM103 (E5) 8 Reales 1733MF, Philip V, practically as struck with light corrossions in the reverse. Pleasant looking, nicer than our lot#1172 Nov. 30 auction which had a \$6,000R), RRR 5000-7000.00

Under the heading of "Trade Dollars of the World" in the Krause publication of STANDARD CATALOG OF MEXICAN COINS, PAPER MONEY, STOCKS, BONDS AND MEDALS, a sizeable listing is found of Mexican Trade Dollars; coins originating in Mexico but counterstamped or overstruck for trade throughout the world. The number of interesting pieces shown gives ample evidence of the importance that Mexican coinage has played in the World Trade. We are hereby offering a few pieces including an extremely rare "Redondo" (Royal strike) of Philip III used for Guatemala.

*1269 -MEXICO-OVERSEAS COUNTERSTAMPS - 8 Reales Philip III assayer F undated type counterstamped with Guatemala sun over a row of volcanos in 6.5mm circle. This coin is so rare that we have only experienced the likeness of a previous specimens from the famous Jose Toribio Medina's collection which we had the privilege of owning. This coin is a nice Very Fine holed at 12 o'clock as they usually come with a well detailed Extra Fine counterstamp. Although there is a similar coin with a Costa Rica counterstamp in the Krause publication, one for Guatemala is not featured. RRR This "Redondo" is a shining example of Colonial history and importance which Mexico's coinage played in World trade, should obtain bids exceeding 10,000.00+

*1270 -C-Unl Philippines c/s "Y.II" over cast 8 Reales 1820RP which was overstruck for Chihuahua. The obverse is inverted over the reverse and the strike of the reverse is inverted above the obverse. (An EMX 1 overstruck to a Chihuahua 1820RP). The coin should be considered quite rare and as an additional bonus, the coin is in fact struck on both sides and for this nice Very fine condition, it should bring. 1,000.00+

*1271 -C54f.9 Philippines c/s "Y.II" over KM111.5 8 Reales 1818AG, Zacatecas, original coin Very Fine with tiny puncture 200.00+
 *1272 -C111.19 Portugal c/s 870 Reis over KM111.5 8 Reales 1821RG, Zacatecas, nice Abt.XF 150-200.00

1483 -OAXACA -A768(E770) 8 Reales 1862FM (Variety). Two important varieties are listed in Salmeron "La Ceca Republicana de Oaxaca". This in an unlisted 3rd variety of the 1862 "A inside O" variety, but featuring a different eagle from that shown in Salmeron. This one smaller and skinnier with a crude legend. The Rev. however, is agreeable with the sharper rays listed in the 1st variety in Salmeron (Page 108). Surely in X-Fine condition with a minor impairment (ding) at 5 o'clock in Rev. This handsome and interesting coin should obtain bids oscillating between \$500-800.00

*1662 -REVOLUTIONARY ISSUE GOLD COIN -10 Pesos 1915, Guerrero, probably due to its rarity it has gone unpublished in several catalogues, including Freidberg. It was offered by Louis Collins as Lot #492 in his November-December 1966 Catalogue, and justifiably described as a very interesting coin of which perhaps only 15 exist. That coin was then offered for \$1,750.00. Also a specimen was sold by us in our September 30, 1980 auction Lot #1548 for \$1,870.00. The specimen hereby offered seems to be a variation of the one offered by us at that time. This would have to be more closely scrutinized by comparing with another specimen. Also, the cataloger remembers the other piece to be of a lighter weight. But again this would have to be compared by our previous specimen which is no longer available to us. The weight of the present coin is 11.4 grams. This coin is as struck. \$2,000-3,000.00

For the "Budget-minded collector this section will consist of less expensive coins. In an effort to allow time for proper research of our usually extensive listings, we have featured this section to allow both advanced and "Budget-minded" collectors the opportunity to leisurely peruse our offerings.

With cost saving in mind, we have purposely been very brief in the description of our coins. We still give you Catalog Numbers, but occasionally we will abbreviate denominations and the verbal niceties.

Please search for those elusive coins you need, remember a collection will not be completed unless it includes these coins either as types or dates.
